

How Ewing Can Help you be Successful, Efficient, and Compliant

Ewing Engineered Solutions: When your Communications, Wireless, and IT Missions require quality, expert knowledge, and agility, you can trust that Ewing Engineered Solutions is there to help you meet your agency mission requirements. Ewing's continued growth and achievements over the past 38 years has repeatedly earned us the coveted title of "Motorola Federal Partner of the Year". That success has allowed us to expand our support of the Federal Government to include IT Solutions and Cloud Solutions.

As a Technology Solutions Provider with "Excellent" Contractor Performance Assessment Ratings (CPAR) and Past Performance, we make your mission and agency solutions decisions easier to make and less costly.

- Delivered over 3,500 Contracts to DoD, Civilian Agencies and Large System Integrators
- Maintain an Excellent CPAR's rating
- Deliver on Quality: ISO 9001:2015 Certified (ISO Certified since 2000)
- Well capitalized small business with a GSA schedule 70 (#GS-35F-0213W) and many cost efficient BPA & IDIQ contracts available to various Federal agencies

Deep understanding of the FAR/DFARS so you have total confidence about contract compliance.

- All Ewing staff is continually trained and is compliant on FAR/DFARS
- Staff attends FAR Council meetings
- Our General Counsel was a Lead Counsel for Several Large Defense System Integrators

Native American Small Business with the expertise to tailor your technology solutions needs to meet your small business contracting goals with total confidence.

- Top Reseller of Motorola Solutions products and services to Federal Agencies
- Ability to offer Products and Solutions as a Service or Cloud Solutions Provider
- Program Management staff is PMP Certified; Government can be confident that any complex solution will be implemented on schedule and within budget
- Partner of Dell/EMC and Ingram Micro to provide IT and Cloud products/services
- Easy to Contract with based on past performance and compliance
