Ewing Engineered Solutions

We provide an array of Mission Critical Land Mobile Radio (LMR) equipment and services to the US Federal Marketplace worldwide. Ewing has successfully completed over 4,000 contracts as a Prime Contractor for all branches of the DoD, numerous Civilian agencies, and many more as a subcontractor to large Prime Contractors.

Our overall business ethics and processes have put Ewing at the top of our field with our customers and our partners.

Why Ewing?

Ewing’s continued growth and achievements over the past 40 years has repeatedly earned us the coveted title of “Motorola Federal Partner of the Year”. This achievement has solidified Ewing as an Elite Motorola “Platinum Channel Partner” allowing Ewing to provide our Customers with some of the most technologically advanced LMR equipment and services at the most competitive prices in the marketplace. Our Program Management staff is PMP Certified so the Government can be confident that any complex solution will be implemented on schedule and within budget. Ewing also has the ability to provide Certified Trainers directly from the OEM to insure that the technology chosen will be fully utilized.

Our Commitment

Deliver only the highest quality products and services on time and at the very best value to EVERY Customer, no matter the size or complexity of the project. It is the Ewing “Standard of Excellence,” extensive contracting knowledge, solutions based methodology and unique partnerships that continue to prove Ewing to be the most advantageous option for the U.S. Government.

Core Competencies

- Project Management
- Project Design
- Customer/Vendor Relations
- Contract Performance
- Contracting Knowledge
- Quality & Integrity
